

Dear Supporters,

Remember what you cherished during your time in school? More than likely, the experiences that impacted you the most are the same ones being provided by programs and instruction your donations to the Lake Oswego Schools Foundation afford Lake Oswego students today.

Thank you to parents, community residents and local businesses who gave \$1.46 million to the Foundation in 2015-16, funding the hiring and retaining of the full-time equivalent of 17 teachers in Lake Oswego. Because of these teachers -- made possible only by your support -- Lake Oswego students in kindergarten through 12th grade receive individualized instruction in core subjects such as reading and math and robust course offerings such as languages, engineering and business, as well as continued physical education and music. It's essential instruction that sets up life-long learners for success in school, and in life.

Lake Oswego students are excelling in all content across all grades, measured by growth and achievement scores of new state assessments. Our SAT and ACT scores and graduation rate are one of the highest of all comparable districts. As a result, Lake Oswego schools continue to rank in the top of the state and nation.

School funding has changed since most of us were students, but your contributions ensure a legacy of educational excellence here in Lake Oswego. Lake Oswego counts on your generous donations to reduce the state funding deficit and provide a world-class education in our community.

Thank you to all of our donors, volunteers and board members who gave tirelessly to the Foundation. Your unwavering commitment to education combined with your tremendous giving spirit is demonstrated in your generous and continuous support of the Lake Oswego Schools Foundation.

With much gratitude,

John Goerges, President

**Why our schools need
a Foundation.**

Since the passage of Measure 5 in 1990, education dollars have no longer been controlled locally, and revenue to all public school districts in Oregon has been distributed using a weighted formula at the state level on a per-student basis. Consequentially, Lake Oswego residents give more in taxes than our school district receives in educational funding. Specifically, Lake Oswego receives \$932 less per student than the average district statewide.

The Foundation plays a critical role in bridging this funding gap by providing the District with a significant percentage of its revenue. Without the Foundation, we would have far fewer teachers. This would translate into fewer electives, fewer advanced placement courses and much less individual attention for each student.

**Thank you for all your support.
We couldn't do it without you!**

**Help us keep Lake Oswego the
#1 school district in the country!**

ABOUT OUR ENDOWMENT

The Lake Oswego Schools Foundation's Endowment was established to provide a basis for sustained and stable school funding that looks beyond the annual campaign. The income generated from the Endowment helps fund teaching positions at our schools. The Endowment is managed by the Oregon Community Fund, a statewide nonprofit organization that administers permanent charitable

funds established through gifts from individuals, families, businesses and other organizations. Contributors to the Endowment Fund are granted membership in the Stafford Society named for Lake Oswego residents William Stafford (a writer and the 20th United States Poet Laureate) and his wife Dorothy, a retired Lake Oswego teacher.
