IRONLIGHT

Lake Oswego Schools
Foundation

For four decades, the Lake Oswego Schools Foundation has brought our community together to invest in what matters most – our students.

Generous parents, alumni, neighbors, local businesses, and friends partner with the Foundation to help fund *vital* teaching positions across every school in our district. What began as a grassroots effort has grown into a powerful community movement – one that strengthens academic excellence, expands opportunities, and ensures that Lake Oswego students continue to thrive.

The Foundation exists for one simple but essential purpose: to bridge the gap between public funding and the true cost of delivering the exceptional education our community expects and our students deserve. Every dollar raised helps sustain teachers and programs that directly impact classrooms district-wide.

We look forward to celebrating 40 years of community support and impact this fall – a milestone made possible by people like you.

Thank you for being here tonight and for helping us continue this important work.

With gratitude,

The Lake Oswego Schools Foundation Board of Directors
